

Software Engineer Homework will be added Weekly - Recheck this document

Week 1 HOMEWORK:

Build-

About Me Page, with a name picture, and paragraph about yourself (HTML)

Watch-

<https://youtu.be/6vuetQSwFW8>

<https://youtu.be/lsSC2vx7zFQ>

<https://youtu.be/RZUDEaLa5Nw>

<https://www.youtube.com/watch?v=EiRC80FJbHU&feature=youtu.be>

Read-

<https://learn.shayhowe.com> (not advanced)

<http://learnlayout.com/>

Course (don't pay for anything or do the essays) -

<https://www.coursera.org/learn/learning-how-to-learn/>

Do-

Create a Stack Overflow Account (<http://stackoverflow.com/>)

- Read through topics of interest and ask for help as needed.

Create a Reddit Account (<http://www.reddit.com/>)

Subscribe to: /r/programming, /r/learnprogramming, /r/frontend, /r/webdev, /r/javascript, /r/learnjavascript, ect. Read through daily or as often as possible. Get lost in links of interest, keep good bookmarks, and contribute to threads when possible.

Create a Hacker News Account (<https://news.ycombinator.com/>)

*Read through daily. Contribute when possible

Create a Codepen Account (<http://codepen.io/>)

*Post any interesting html/css/js tricks here

Create a JSbin Account (<http://jsbin.com/>) -

When asking for help try to recreate the problem here and then share the link with individuals who may be able to help.

Sneak Peak of things that will be assigned next week:
